CRITERION I – CURRICULAR ASPECTS

1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

1. At the beginning of each academic session, college prepares its proposed academic calendar, which is uploaded in the college website. The proposed academic calendar is prepared according to the notices and circulars received from the affiliating university. Students are informed about the academic calendar of the college notifying the probable teaching days, dates of internal examinations, curricular, extension related and co-curricular activities 2. Orientation programme is organized every year for newly admitted students to make them aware of the mechanism for curriculum delivery and implementation 3. Routine committee of the college prepares the master routine and circulates it to different departments. Routine is prepared strictly in accordance to the number of credit points mentioned in the prescribed syllabus of each course offered by the departments. Routine is prepared by the routine committee for all generic courses, all programs and honours classes of arts departments (since arts departments use shared classrooms). Classes for honours courses of science departments are scheduled by the concerned departments after considering the allotted generic courses and programs of the master routine. Commerce classes are held in the morning session and hence the routine for commerce department is prepared by the department itself. 4. Based on the departmental routine, departments conduct meetings for allotment of classes and syllabus distribution among the teachers. Students are given details of

teaching assignment of each teacher at the beginning of a session by the department 5. Based on the teaching assignments allotted in the syllabus distribution, teachers prepare their "teaching plans" according to the number of lectures allotted in the university syllabus for each topic 6. Along with the traditional chalk and talk method, teachers often use power-point projections during the lectures to demonstrate topics Class tests/surprise test and student seminars are held after completion of a section of the syllabus and periodic review of performance of students is undertaken 9. Remedial classes are held in some departments within class routine hours for which separate attendance registers are maintained 10. Field tours are organized by Departments of Commerce, Marathi, Botany, and Chemistry & Zoology English, Psychology and Economics to ensure effective implementation of the prescribed curriculum 11. Post-graduate students are specially trained to handle assignments, open-house seminars and dissertation to prepare themselves for academic research in future 12. Interactive sessions with students and, sometimes with guardians are held to identify problem areas. Special care is taken to address the problems of slow learners, advanced learners and first generation learners. Social net-working sites are also used by some departments for interaction between faculty and students beyond the class hours 13. Student satisfaction survey is conducted by IQAC to improve the teaching learning process of each department .
